

Hello, I am

Harshita Jangra

I am a first year CSE (Cyber Security) student at Gurugram University. I am learning coding and exploring different fields of technology.

[Know more about me](#)

About Me

I know the basics of HTML and CSS and I am interested in learning more about technology. My goal is to improve my programming skills and become a good technology professional.

I want to learn about **Artificial Intelligence** because it is changing many areas of life. I am also interested in **Cybersecurity** because protecting data and computers is very important. Web development interests me because it helps me create useful websites and projects.

I am still at the beginning of my journey, but I am ready to learn step by step and work on more projects.

My Skills

Python

Basic programming and logic

HTML

Making the structure of web pages

CSS

Adding style to websites

Academic Qualifications

B.Tech CSE (Cyber Security)

Gurugram University

Currently studying in first year

Senior Secondary

Percentage: 96.2%

Matriculation

Percentage: 98.6%

Extra-curricular Activities

- House Captain in Class 12th
- Interested in sports like badminton

These activities have helped me to learn about teamwork, leadership and discipline.
